

## Zenon Park & District Fire

and Medical First Responders

April 2021

The Zenon Park and District Fire and First Responders are planning to build a new fire hall this summer. The present fire hall is reaching the end of its life and does not serve our needs.

We provide fire suppression and rescue, and medical first responder services to the Village of Zenon Park and parts of the RM of Arborfield and RM of Connaught. We are adding a bay for a water tanker to assist our rural and ag area. We have presently received funds from the Humboldt Strong Community Foundation, RM of Arborfield, RM of Connaught, Village of Zenon Park and several Ag sector companies.

The hall will cost approximately \$ 300,000. We are still short of over \$ 100,000 to complete the financing portion of this undertaking.

Please consider donating to this project which helps protect the life, safety and property of many of your clients. A tax receipt will be provided and your contribution will be acknowledged publicly.

Please send your contribution to: Village of Zenon Park, Box 278, S0E 1W0.
